VAM 2022 Abstract Submissions

Groups audience: 2022 Vascular Annual Meeting

Submit Your Original Research to be Presented at VAM 2022

The submission period is now closed!

Submission Policies  Submission Guidelines

Pre-recorded Videos

All presenting authors whose abstracts and video submissions are accepted for the 2022 Vascular Annual Meeting must submit a pre-recorded video of their presentation; there will be no exceptions. Instructions on how to upload the required video will be provided through the faculty portal, opening in March 2022. All videos will be due May 25, 2022. Failure to comply with this deadline will result in the presentation being removed from the educational program.

Session Types

Abstracts may be submitted for any of the following program types:

- Plenary
- Vascular and Endovascular Surgery Society (VESS)
- International Fast Talk
- International Young Surgeon Competition
- International Poster Competition
- Poster Competition
Videos

Videos will be accepted for the Plenary and "How I Do It" program types. Videos accepted for these sessions will be given 5 minutes to present, and 5 minutes for discussion. A single author or group may submit up to four videos, but if accepted, a maximum of two would be selected. Videos presented at other meetings will, in general, not be considered.

Important Information

- The Objectives/Methods/Results/Conclusions sections are limited to 400 words total.
- Authors are not restricted by the number of abstracts and/or videos submitted. However, no more than 12 authors per submission are allowed. Ensure ALL authors are included at the time of submission.
- Abstract submissions must be entered in the English language.
- Updates and edits to submissions can be made as needed prior to the submission deadline.
- The work represented in the abstract must NOT have been presented, published, or submitted to any other major meeting or journal prior to that year’s Vascular Annual Meeting except for:
  - Local/regional meetings
  - Vascular Research Initiatives Conference
- Titles may not include author, institutional and/or proprietary names.
- Papers may be presented by a student, resident or fellow; however, the senior author must be present in the audience during the discussion phase of the paper.
