Donate for Greatest Need

The SVS Foundation is committed to the public's vascular health. We accomplish this by funding basic and clinical research, community outreach through members in community practice, and prevention and awareness through patient education.

The SVS Foundation's mission is: *To optimize the vascular health and well-being of patients and the public through support of research that leads to discovery of knowledge and innovative strategies, as well as education and programs, to prevent and treat circulatory disease.*

Awareness and Prevention (Community Health Initiatives)

Support our expanded mission in disease prevention, patient education and public awareness. Help fund our new Community Awareness and Prevention Project Grants to be awarded to community-based vascular surgeons for innovative, community-based initiatives.

Research Grants

Support SVS Foundation's core mission – to fund crucial vascular research that improves patient health. Our awards support vascular surgeon scientists, clinical researchers, residents and medical students and focus on encouraging research in critical areas of vascular disease.

Disaster Relief Fund

Support Disaster Relief Fund programs that provide short-term emergency assistance and longer-term aid for vascular surgery practices and vascular patients in disaster-devastated communities.

Alexander W. Clowes Distinguished Lecture Fund

Honor the memory of our colleague and internationally recognized vascular surgeon-scientist, **Dr. Alexander W. Clowes**, by contributing to support the annual lecture at the Vascular Research Initiatives Conference.
