

Find a VSIG

Find a VSIG

Vascular Surgery Interest Groups (V-SIG) promote vascular-related research and service activities to students earlier in their medical career, provide students with early exposure to surgery, and assist students as they seek valuable career mentorship. View the list of groups registered with the Society for Vascular Surgery below to find a V-SIG near you!

Interested in establishing your own V-SIG?

Refer to the V-SIG toolkit

Ready to register your group with SVS?

Complete the Registration Form

Looking for a local faculty member to sponsor a group at your institution?

View the List of Designated V-SIG Faculty Members
