VESAP4 is the acronym for the fourth edition of the Vascular Education and Self-Assessment Program, an online program designed to meet the Maintenance of Certification requirements of the Vascular Surgery Board of the American Board of Surgery. VESAP4 includes over 500 questions and offers detailed discussions and references for each question. In Learning Mode, users can review rationales for responses and access abstracts in PubMed without earning CME or MOC credits. For access, users must have their SVS member log-in credentials. Additional information or log-in assistance can be obtained from vesap@vascularsociety.org. Click here to purchase or access VESAP4.
Target Audience

VESAP4 is an invaluable aid for vascular surgeons in preparing for the qualifying, certification, and recertification examinations in vascular surgery and to remain current in the specialty of vascular surgery and endovascular therapy. Vascular residents and fellows will find it a useful study aid for their ABSITE or VSITE examinations.

Interventional radiologists, cardiologists, vascular medicine specialists, and allied health care professionals focusing on vascular diseases may use VESAP4 self-assessment to keep abreast of the current practice of vascular surgery and endovascular therapy.

Two Modes

In Learning Mode, you can view the correct answer to each question, the rationale and references. At the end of each session, you may save your answers and return at a later time or you may elect to end the session and view your score. You may use this product in Learning Mode as often as you like and you may take all or part of the exam.

In Exam Mode, you may navigate throughout the question bank, you may take as much time as you like and you can save your answers and return at a later time to complete the exam. In Exam Mode, you will not be able to view the rationale, references or the correct answers.

VESAP4 Mobile App

Head to the Apple iTunes app store and take advantage of VESAP4 while off-line. Users can study and test themselves while in locations without internet access, including airplanes, or in buildings with high internet securities. If you do anything while offline, VESAP4 will automatically update once you have access to internet again, saving any changes you may have made.

To obtain the app, visit the Apple app store and search for "VESAP". The app is available to all individuals that have purchased a subscription to VESAP4.

How to purchase VESAP4

Participants may purchase individual modules or the comprehensive packages that includes all ten modules at a discount. Please note: You cannot purchase both packages. If you live outside of the United States, learn about the International VESAP4.

Method of participation

Participants must complete the entire exam, obtain a passing score of 75% or greater, and complete the evaluation in order to receive CME credit.

If the score is less than 75%, the participant will be asked to review the incorrect questions and answer those questions until 75% is achieved.

Please note: CME credit is only available in exam mode and not learning mode.

Estimated time to complete all modules

The estimated time to complete this activity is 75 hours.

Original release date

August 1, 2017

Expiration date

VESAP4 will expire 3 years from the release date of the product. CME credit and the VESAP4 program, including all content, will no longer be available after this date.

Policy on privacy and confidentiality

Per the SVS Privacy Policy, SVS does not sell personally identifiable information collected during this CME activity to third parties. SVS records personally identifiable information to generate CME certificates and assist with customer inquiries. Any data analysis undertaken by SVS to measure VESAP product performance is undertaken without any personally identifiable information.
Accreditation

The Society for Vascular Surgery is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation of Credit for VESAP4 Comprehensive Package

The Society for Vascular Surgery designates this enduring material for a maximum of 75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Designation of Credit for VESAP4 Modules

The Society for Vascular Surgery designates this enduring material for a maximum of 7.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
