

VESAP

VESAP

VASCULAR EDUCATION AND SELF-ASSESSMENT PROGRAM

VESAP5 is NOW AVAILABLE for IOS and ANDROID DEVICES.

VESAP5, the acronym for the fifth edition of the Vascular Education and Self-Assessment Program, is an online program designed to meet the Maintenance of Certification requirements of the Vascular Surgery Board of the American Board of Surgery for continuing medical education credits and MOC self-assessment credits.

VESAP5 has more than 650 questions and includes detailed discussions and references for each question. You may use this product in Learning Mode as often as you like. You will not earn CME credit or MOC self-assessment credit in Learning Mode; however, you will be able to review a rationale for the responses and will access available abstracts in PubMed.

To access VESAP5 after purchase, you will use your SVS member log-in username and password. If you do not have this information, you may click "Forgot your password" or "Create Guest Account" on the SVS member login page , or please contact membership@vascularsociety.org .

VESAP5 CME credit will EXPIRE July 15, 2023. CME credit will not be awarded for VESAP5 after July 15, 2023. Current users may continue to generate their CME certificates from the application for CME earned prior to July 15, 2023.

Target Audience

VESAP5 is an invaluable aid for vascular surgeons in preparing for the qualifying, certification, and recertification examinations in vascular surgery and to remain current in the specialty of vascular surgery and endovascular therapy. Vascular residents and fellows will find it a useful study aid for their ABSITE or VSITE examinations.

Interventional radiologists, cardiologists, vascular medicine specialists, and allied health care professionals focusing on vascular diseases may use VESAP5 self-assessment to keep abreast of the current practice of vascular surgery and endovascular therapy.

Two Modes

In Learning Mode, you can view the correct answer to each question, the rationale and references. At the end of each session, you may save your answers and return at a later time or you may elect to end the session and view your score. You may use this product in Learning Mode as often as you'd like and you may take all or part of the exam.

In Exam Mode, you may navigate throughout the question bank, you may take as much time as you'd like and you can save your answers and return at a later time to complete the exam. In Exam Mode, you will not be able to view the rationale, references or the correct answers.

How to purchase VESAP5

VESAP5 Discount Pricing Ends March 31, 2021

See the special 25% discount pricing listed below.

VESAP5 must be purchased on the SVS member account of the intended user.

Bulk purchasing is available. Contact vesap@vascularsociety.org for details.

SVS recognizes the increasing interest and demand for online education due to the COVID-19 pandemic. As special recognition, the SVS is offering discounted pricing for a limited time. Participants may purchase the Comprehensive Package that includes all thirteen modules, **OR** the Vascular Lab Package of four modules. If you live outside of the United States, learn about the International VESAP5 .

The Comprehensive Package includes the Vascular Lab Modules, so you do not need to purchase both.

	Comprehensive Package	Vascular Lab Modules
Topics	Thirteen individual modules by topic area (includes the 4 Vascular Lab modules)	Four Vascular Lab Modules; Cerebrovascular, Abdominall, Peripheral Arterial, Peripheral Venous

	Comprehensive Package for SVU	Vascular Lab Modules for SVU
MOC	Yes	Yes
<u>Pricing</u>	SVS Member: \$610 SVS Candidate: \$544 Non-member MD: \$715 Allied Health NM: \$610	SVS Member: \$300 SVS Candidate: \$272 Non-member MD: \$357 Allied Health NM: \$308

Method of participation

In Learning mode, participants can access the content without having to complete the module.

In Exam mode, participants must complete the entire module, obtain a passing score of 75% or greater, and complete the activity evaluation in order to receive CME credit.

If the score is less than 75%, the participant will be asked to review the incorrect questions and answer those questions until 75% is achieved.

Please note: CME credit or letters of participation are only available in exam mode and not learning mode.

Estimated time to complete all modules

The estimated time to complete this activity is 97.5 hours (7.5 hours per module).

Original release date

July 16, 2020

Expiration date

VESAP5 will expire 3 years from the release date of the product. CME credit and the VESAP5 program, including all content, will no longer be available after this date.

Policy on privacy and confidentiality

Per the SVS Privacy Policy, SVS does not sell personally identifiable information collected during this CME activity to

third parties. SVS records personally identifiable information to generate CME certificates and assist with customer inquiries. Any data analysis undertaken by SVS to measure VESAP product performance is undertaken without any personally identifiable information.
