

SVS Education

SVS Education

SVS is the preeminent source of education for vascular surgeons, residents, fellows and allied vascular health professionals. From presentations on emerging vascular science to the latest updates on coding and reimbursement, SVS provides a wide range of programming to meet your needs. You will also find sessions presenting cutting-edge clinical vascular research from the Vascular Annual Meeting, information on leadership development and videos on surgical techniques to assist you in your practice, no matter the setting.

This site is your gateway to accessing all of the above and more, including Audible Bleeding podcasts, SVS publications and programs providing CME with transcript tracking. Please visit frequently as we continue to add new educational opportunities to meet your needs.
