10th Annual Cardiovascular Team Symposium

Friday, June 2, 2017
The New York Cardiological Society
Register for the symposium here

Now in its 10th year, the Annual Cardiovascular Team (CVT) Symposium is a unique academic event designed to enhance current knowledge about the etiology, prevention, intervention and management of cardiovascular disease. Presentations provide CVT members with evidence-based approaches to the treatment and care of the cardiac patient and information regarding current and the latest cutting-edge technologies. The program is designed for nurses, nurse practitioners, physician assistants, technologists, physicians and all members of the cardiovascular team.

This year, in honor of its 10th Anniversary, the CVT Symposium – presented by the New York Cardiological Society of the New York State Chapter of the American College of Cardiology and the New York Cardiac Center – will be held at The Inn on the Lake in beautiful Canandaigua, NY.

The event includes the first-ever NYACC Summer Soirée, with music by Nik and the Nice Guys.

Register here.

Lodging:
A courtesy block of rooms has been secured at The Inn. To book your room(s), please call (800) 228-2801 and be sure to mention "The New York Cardiological Society."
