Kaiser Permanente Endovascular Symposium

Saturday, May 20, 2017
Kaiser Permanente
Feb. 1 to Feb. 6
Register

Dear Colleagues,

I would like to welcome you to the Kaiser Permanente Endovascular Interventions Symposium being held in Anaheim, CA on May 20, 2017. Please join us for a one-day educational event designed for specialists performing endovascular interventions. This is intended to be a multi-specialty event, designed to foster collaboration between interventional cardiologists, interventional radiologists, vascular surgeons, and other endovascular specialists.

Our symposium will include expert speakers from several renowned institutions, and a procedure-focused simulation program featuring several of the latest endovascular devices. The program will cover the full spectrum of vascular interventions; cerebrovascular, structural heart, thoracic and abdominal aorta, vena cava, limb salvage, and hemodialysis access.

I look forward to seeing you in Anaheim!

Sincerely,

Jeffrey H. Hsu, MD FACS
Regional Chief of Vascular Surgery
Chair, Program Committee
Kaiser Permanente – Southern California

Schedule:
Saturday 05/20/2017
6:30 am - 7:30 am Registration and Continental Breakfast
7:30 am - 7:45 am Welcome, Opening Remarks and Course Overview
Jeffrey Hsu, MD

Section 1: Cerebrovascular System - Jeffrey Hsu, MD

7:45 am - 8:00 am Carotid Stenting Update
Peter Schneider, MD
8:00 am - 8:15 am Transcervical Carotid Stenting: Technique, Pitfalls, and Comparative Outcomes
Brian Derubertis, MD

Section 2: Heart and Thoracic Aorta - Somjot Brar, MD, Eric Chou, MD

8:15 am - 8:30 am Update in Thoracic Aortic Endovascular Repair, TEVAR
Somjot Brar, MD
Eric Chou, MD

8:30 am - 8:45 am Type B Aortic Dissections: Are They All Complicated, and Should They All be Treated With TEVAR?
Frank Arko, MD

8:45 am - 9:00 am Novel Treatment for Complex Aortic Dissection: Fenestrations to Ice Cream Cones
Somjot Brar, MD

9:00 am - 9:20 am Update in Structural Heart: TAVR, Left Atrial Appendage Occlusion
Saibal Kar, MD

9:20 am - 9:30 am Radial Access Update
Ray Zadegan, MD

9:30 am - 9:45 am Panel Discussion / Q&A
Frank Arko, MD
Ray Zadegan, MD
Saibal Kar, MD
Somjot Brar, MD

9:45 am - 10:15 am BREAK / Simulation Sessions
Section 3: Paravisceral and Infrarenal Aorta - Jeffrey Hsu, MD

10:15 am - 10:30 am Advanced Imaging and 3D Printing for Endovascular Aortic Repairs
Somjot Brar, MD

10:30 am - 10:45 am Large Sheath Access and Closure – Avoiding Vascular Access Complications
Jeffrey Hsu, MD

10:45 am - 11:10 am Complex EVAR for Thoracoabdominal Aortic Aneurysms: Is There A Solution?
Frank Arko, MD

11:10 am - 11:25 am How to Choose Between Fenestrated and Snorkel/Chimney Techniques for Short Neck EVAR
Jason T. Lee, MD

11:25 am - 11:40 am Endoleaks – Update in Management
Jason T. Lee, MD

11:40 am - 12:00 pm Panel Discussion / Q&A
Somjot Brar, MD
Jeffrey Hsu, MD
Frank Arko, MD
Jason T. Lee, MD
Peter Schneider, MD

12:00 pm - 1:00 pm LUNCH / Simulation Sessions
Section 4: Upper and Lower Extremities - Majid Tayyarah, MD
1:00 pm - 1:15 pm Pedal Access  
George Vatakencherry, MD

1:15 pm - 1:30 pm Limb Salvage: Atherectomy - Percutaneous Treatment of Complex (superficial femoral artery) SFA Disease: Devices, Cost and Considerations  
Brian Derubertis, MD

1:30 pm - 1:45 pm Drug Eluting Balloons and Stents  
Peter Schneider, MD

1:45 pm - 2:00 pm Chronic Total Occlusion - Techniques and Inventory  
Curtis Stinis, MD

2:00 pm - 2:15 pm Panel  
George Vatakencherry, MD  
Brian Derubertis, MD  
Peter Schneider, MD  
Curtis Stinis, MD

Section 5. Venous System - Majid Tayyarah, MD

2:15 pm - 2:35 pm Mechanical Thrombectomy of PE and Right Heart Masses in the Endovascular Era  
John Moriarty, MD

2:35 pm - 2:55 pm New Advances in DVT (Deep Vein Thrombosis) Treatments  
Stephen Kee, MD

2:55 pm - 3:10 pm Techniques in Difficult IVC (inferior vena cava) Filter Retrieval  
Stephen Kee, MD

3:10 pm - 3:30 pm IVC Filters: Indications and a New Era of Responsibility  
Stephen Wang, MD

3:30 pm - 4:00 pm BREAK / Simulation Sessions  
Section 6: Hemodialysis Access (Shared Nephrology Session) - Jeffrey Hsu, MD Peter Crooks, MD Tina Cushing, MD

4:00 pm - 4:20 pm Hemodialysis Access – Nephrology Issues for the Elderly  
Scott Rasgon, MD

4:20 pm - 4:40 pm Vascular Access Update: What You Need To Know  
Sidney Glazer, MD

4:40 pm - 5:10 pm PANEL Q & A  
Scott Rasgon, MD  
Peter Crooks, MD  
Tina Cushing, MD  
Sidney Glazer, MD  
Jeffrey Hsu, MD

5:10 pm - 5:15 pm Wrap up Adjourn  
Jeffrey Hsu, MD  
Peter Crooks, MD

Lodging:
Wyndham Anaheim Garden Grove  
12021 Harbor Blvd.  
Garden Grove, CA 92840  

714-867-5555  

A special room rate is available from Thursday May 18 to Monday May 22 to guests attending our symposium, who are interested in an extended getaway. Reservations must be made no later than April 28, 2017.

To make a reservation online, visit https://resweb.passkey.com/go/NephrologyandVascularSymposium or call 877-999-3223 identify yourself as a member of our group (Kaiser Permanente 2017 Nephrology & Vascular System Symposium).

Perfect for families, the hotel is just 10 minutes away from Disneyland and Disney California Adventure Park and Downtown Disney. Make it a Disney weekend and hop aboard the hotel shuttle that will take you to Disneyland and local entertainments.

Reservations received after the cut-off date will be accepted on a space available basis only.

**ROOM RATE**  
$129.00 per night

**PARKING RATES**  
Day and Overnight Self-Parking: complementary  
Day Valet Parking: $10  
Overnight Valet Parking: $17

**Course Directors:**  
Chair:  
Jeffrey Hsu, MD, FACS  
Regional Chief of Vascular Surgery  
Kaiser Permanente Fontana

Planning Committee:  
Somjot Brar, MD  
Interventional Cardiologist, Kaiser Permanente LAMC

Eric Chou, MD  
Interventional Cardiologist, Kaiser Permanente Fontana

Ray Hung, MD  
Interventional Radiologist, Kaiser Permanente Fontana

Majid Tayyarah, MD  
Vascular Surgeon, Kaiser Permanente Fontana

Kathy Brink  
Sr. Consultant, Physician Ed

Carol O’Neal  
Sr. Consultant, Physician Ed

Katherine Kleine
Sr Meeting Planner, Meetings and Events

Faculty:
Frank Arko, MD
Vascular Surgery - Sanger Vascular Institute
Jason T. Lee, MD
Vascular Surgery - Stanford University
Somjot Brar, MD
Interventional Cardiology - KP LAMC
