LINC Mount Sinai - The Complex Aortic & Vascular Symposium

Monday, June 11, 2018 to Wednesday, June 13, 2018
Gaffney Events
Feb. 1
Register

LINC Mount Sinai is a multidisciplinary live case based education conference for physicians and healthcare professionals dedicated to treating patients with vascular disease. Attendees will learn the most up to date diagnostic techniques and cutting edge treatment strategies utilizing innovative technologies, live case demonstrations from national and international sites, as well as creative learning platforms. The world renowned faculty emphasizes unbiased and critically evaluated educational content that highlights multidisciplinary perspectives and collaboration. We will achieve this by bringing together colleagues of different specialties from across the country and abroad, who perform Endovascular Interventions. This two-day course will focus on presenting concise and current information that will update you with the latest techniques and technologies.

Schedule:
LINC MOUNT SINAI FELLOWS COURSE - Monday, June 11th, 2018
7:00 am - 5:30 pm

PERIPHERAL ARTERIAL DISEASE AGENDA - TUESDAY JUNE 12TH, 2018
7:00 am - Registration and Continental Breakfast

7:45 am - Welcome & Opening Remarks - Prakash Krishnan, MD, Dierk Scheinert, MD

SESSION I COMPLEX AORTO ILIAC AND FEMORAL ARTERY DISEASE: FOCUS ON CROSSING AND VESSEL PREPARATION
Moderators: Dierk Scheinert, MD, Giancarlo Biamino, MD, PhD

8:00 am - LIVE CASE PRESENTATION #1 | Calcified Iliac
Broadcast From: University Hospital, Leipzig, Germany
Moderator: Giancarlo Biamino, MD, PhD
Panelists: Anvar Babaev, MD, PhD, Mark W. Burket, MD, Koen Deloose, MD, Lawrence A. Garcia, MD, Rajesh K. Malik, MD, John H. Rundback, MD, Thomas Zeller, MD, PhD
8:20 am - Algorithm For Treatment of Complex Aorto-Iliac CTO
John H. Rundback, MD

8:30 am - The Role of Covered Stent for Atherosclerotic Aorto-Iliac Disease
Rajesh K. Malik, MD

8:40 am - LIVE CASE PRESENTATION #2 | Complex Femoral Popliteal Artery Stenosis
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: Dierk Scheinert, MD
Panelists: Anvar Babaev, MD, PhD, Mark W. Burket, MD, Koen Deloose, MD,
Lawrence A. Garcia, MD, Rajesh K. Malik, MD, John H. Rundback, MD, Thomas Zeller, MD, PhD

9:00 am - Endovascular Therapy for Common Femoral Artery Disease: Reality in 2017
Thomas Zeller, MD, PhD

9:10 am - Alternative Access and Crossing Techniques for Challenging Femoral Popliteal CTOs
Andrej Schmidt, MD (Via Satellite)

9:20 am - The Importance of Vessel Preparation To Optimize Outcomes of Peripheral Procedures
Mark W. Burket, MD

9:30 am - LIVE CASE PRESENTATION #3 | Retrograde Recanalization of a Femoral Popliteal Occlusion
Broadcast From: University Hospital, Leipzig, Germany
Moderator: Giancarlo Biamino, MD, PhD
Panelists: Anvar Babaev, MD, PhD, Mark W. Burket, MD, Koen Deloose, MD,
Lawrence A. Garcia, MD, Rajesh K. Malik, MD, John H. Rundback, MD, Thomas Zeller, MD, PhD

PERIPHERAL ARTERIAL DISEASE AGENDA
Stern Auditorium, The Mount Sinai Hospital, New York, New York
10:00 am - BREAK / VISIT EXHIBITS

SESSION II SUPERFICIAL FEMORAL ARTERY DISEASE:
FOCUS ON DRUG ELUTION and NEW TECHNOLOGIES
Moderators: Dierk Scheinert, MD, Giancarlo Biamino, MD, PhD

10:15 am - Drug Elution In The SFA: How Does It Work? What Are The Hurdles?
Aloke Virmani Finn, MD

10:25 am - ILLUMENATE Trial Update
Prakash Krishnan, MD

10:35 am - LEVANT 2 Trial Update
D. Christopher Metzger, MD

10:45 am - Impact Trial Update
Marianne Brodmann, MD

10:55 am - LIVE CASE PRESENTATION #4 | Complex Superficial Femoral Artery Stenosis
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: Dierk Scheinert, MD
Panelists: Keon Deloose, MD, Lawrence A. Garcia, MD, William A. Gray,
D. Christopher Metzger, MD, Krishna J. Rocha-Singh, MD, John H. Rundback, MD,
Thomas Zeller, MD, PhD
11:15 am - Look into the Future: SFA Technology – Ranger DCB and Eluvia DES Program  
William A. Gray, MD

11:25 am - Role of Covered Stents in Femoro-Popliteal Disease  
Anvar Babaev, MD, PhD

11:35 am - Zilver® PTX® / Zilver® Pass Update  
Koen Deloose, MD

11:45 am - LIVE CASE PRESENTATION #5 | Femoral Popliteal In-stent Restenosis  
Broadcast From: University Hospital, Leipzig, Germany  
Moderator: Giancarlo Biamino, MD, PhD  
Panelists: Keon Deloose, MD, Lawrence A. Garcia, MD, William A. Gray,  
D. Christopher Metzger, MD, Krishna J. Rocha-Singh, MD, John H. Rundback, MD,  
Thomas Zeller, MD, PhD

12:00 pm- Laser and ISR Where Does It Fit In My Algorithm  
George S. Chrysant, MD

12:10 pm - Patterns of Restenosis: A Core Lab Driven Assessment That May Unify SFA Trials  
Lawrence A. Garcia, MD

PERIPHERAL ARTERIAL DISEASE AGENDA  
Stern Auditorium, The Mount Sinai Hospital, New York, New York

12:20 pm- Reality Trial: What Questions Need Answers  
Krishna J. Rocha-Singh, MD

12:30 pm - LUNCH / VISIT EXHIBITS

SESSION III - CAROTID and BRACHIO-CEPHALIC DISEASE  
Moderator: Giancarlo Biamino, MD, PhD

1:30 pm - Lessons Learned from RCT: When is CEA or CAS Best  
William A. Gray, MD

1:40 pm - Trans Radial Approach For CAS  
Jose M. Wiley, MD

1:50 pm - My Algorithm for Subclavian Artery Interventions  
Tyrone J. Collins, MD

2:00 pm - LIVE CASE PRESENTATION #6 | Symptomatic Subclavian Stenosis  
Broadcast From: The Mount Sinai Hospital, New York, New York  
Moderator: Dierk Scheinert, MD  
Panelists: J. Michael Bacharach, MD, Tyrone J. Collins, MD, Brian DeRubertis, MD,  
Peter L. Faries, MD, William A Gray, MD, J. Stephen Jenkins, MD, D. Christopher Metzger, MD, Mark H. Wholey, MD

2:15 pm - Proximal Protection is the Gold Standard  
Peter L. Faries, MD

2:25 pm - Double Filter Protection During Carotid Stent  
Mark H. Wholey, MD

2:35 pm - LIVE CASE PRESENTATION #7 | Symptomatic Carotid Artery Stenosis  
Broadcast From: University Hospital, Leipzig, Germany
Moderator: Giancarlo Biamino, MD, PhD  
Panelists: J. Michael Bacharach, MD, Tyrone J. Collins, MD, Peter L. Faries, MD,  
William A Gray, MD, J. Stephen Jenkins, MD, D. Christopher Metzger, MD, J. Mocco, MD,  
Mark H. Wholey, MD

2:55 pm - ENROUTE® Transcarotid Stent System  
Brian DeRubertis, MD

3:05 pm - Endovascular Treatment for Stroke  
J Mocco, MD

3:15 pm BREAK / VISIT EXHIBITS

PERIPHERAL ARTERIAL DISEASE AGENDA

Stern Auditorium, The Mount Sinai Hospital, New York, New York

SESSION IV ENDOVASCULAR THERAPIES FOR HYPERTENSION OBESITY / DIALYSIS ACCESS  
Moderator: J. Michael Bacharach, MD

3:30 pm - Renal Stenting in 2017  
J. Stephen Jenkins, MD

3:40 pm - Renal Denervation: Where Are We in 2017  
Mark H. Wholey, MD

3:50 pm - Endovascular Rx For Obesity  
Vivek Reddy, MD

4:00 pm - Endovascular Creation For Dialysis Access: Update on EverlinQ Endo AVF System  
Charmaine E. Lok, MD

4:10 pm - DEB / DES in Dialysis Access Occlusion  
Jos C. van den Berg, MD, PhD

4:20 pm - LIVE CASE PRESENTATION #8 | Transcatheter Embolization for Morbid Obesity  
Broadcast From: The Mount Sinai Hospital, New York, New York  
 Moderator: J. Michael Bacharach, MD  
Panelists: Fabrizio Fanelli, MD, William A Gray, MD, J. Stephen Jenkins, MD,  
Dierk Scheinert, MD, Jos C. van den Berg, MD, PhD, Mark H. Wholey, MD,  
Thomas Zeller, MD, PhD

CASE DISCUSSION  
Moderator: J. Michael Bacharach, MD  
Panelists: Giancarlo Biamino, MD, PhD, Tyrone J. Collins, MD, Fabrizio Fanelli MD,  
J. Stephen Jenkins MD, Dierk Scheinert, MD, Jos C. van den Berg MD, PhD, Mark H. Wholey, MD

4:40 pm - A Great Fem / Pop Case  
Thomas Zeller, MD, PhD

4:50 pm - My Great Stroke Rescue  
J Mocco, MD

5:00 pm - Oh #@*!, I Lost It  
Daniel H. Gruenstein, MD

5:10 pm Q&A
5:15 pm Concluding Remarks

AORTIC & VENOUS SESSION AGENDA - TUESDAY JUNE 12TH, 2018
6:30 am - Registration and Continental Breakfast

7:00 am - Welcome & Opening Remarks
James F. McKinsey, MD and Giovanni Torsello, MD

7:15 am - Complex Aortic Case Presentations
Mount Sinai Vascular Residents and Fellows

SESSION I MANAGEMENT OF ABDOMINAL AORTIC ANEURYSMS
Moderator: James F. McKinsey, MD

8:00 am - New EVAR Grafts for Complex Aortic Anatomy
Rami O. Tadros, MD

8:10 am - Type 1A Endoleaks: Identification and Interventions; Cuffs, Coils and Anchors
Edward Y. Woo, MD

8:20 am - Infected EVAR Grafts: Evaluation and Treatment Options
Rami O. Tadros, MD

8:30 am - Management of Accessory Renal Arteries and Large IMA During EVAR: Ignore, Embolize or Preserve
Rahul S. Patel, MD

8:40 am - LIVE CASE PRESENTATION #1 | Chimney EVAR for Type 1A Endoleak
Broadcast From: St. Franziskus Hospital, Munster, Germany
Moderator: Luis A. Sanchez, MD
Panelists: Thomas Maldonado, MD, James F. McKinsey, MD, Giovanni Torsello, MD, PhD, Edward Y. Woo, MD, Rahul S. Patel, MD

9:10 am - Gutter Leaks After CHIMPs: What Can Be Done to Minimize Them and How Are They Treated?
Thomas Maldonado, MD

9:20 am - Juxtarenal AAA: What Is The Best Treatment Option: Open, Fenestrated EVAR or Snorkel EVAR Grafts
James F. McKinsey, MD

9:30 am - Off-The-Shelf Fenestrated Aortic Stent Grafts
Luis A. Sanchez, MD

AORTIC & VENOUS SESSION AGENDA
Hatch Auditorium, The Mount Sinai Hospital, New York, New York

9:40 am - Chimney Reconstructions for Juxtarenal Aneurysms
Giovanni Torsello, MD

9:50 am - Percutaneous EVAR: When and How To Do It
Daniel K. Han, MD

10:00 am - Distal Aortic Neck: How Small is Too Small For EVAR?
Edward Y. Woo, MD
10:10 am Q&A

10:15 am BREAK / VISIT EXHIBITS

SESSION II COMPLEX AORTIC ANEURYSMS / ENDOLEAKS
Moderator: Giovanni Torsello, MD

10:30 am - Complex Aorto-Iliac Aneurysms: Sacrifice the Hypogastric Artery or Branch Grafts
Sung Yup Pablo Kim, MD

10:40 am - Penetrating Aortic Ulcerations: What Are They and When Should They Be Treated
Daniel K. Han, MD

10:50 am - Using Aortic Endografts For Treatment of Aortoiliac Occlusive Disease
Thomas Maldonado, MD

11:00 am - Type B Acute Aortic Dissections (TBAD): What Does the Data Show Us, When to Treat?
Rajiv K. Chander, MD

11:10 am - Retrograde False Lumen Filling After TEVAR for TBAD: How Do You Manage It?
Manish Mehta, MD

11:20 am - Treatment of Type 2 Endoleaks: Transcaval and Translumbar Treatment
Edward Y. Woo, MD

11:30 am - LIVE CASE PRESENTATION #2 | Aortic Case
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: Manish Mehta, MD
Panelists: Daniel K. Han, MD, Sung Yup Pablo Kim, MD, Thomas Maldonado, MD,
Giovanni Torsello, MD, PhD, Frank J. Veith, MD, Edward Y. Woo, MD

12:00 pm - Two Snorkel Two Sandwich Endovascular Treatment of Thoracoabdominal Aneurysms
James F. McKinsey, MD

AORTIC & VENOUS SESSION AGENDA
Hatch Auditorium, The Mount Sinai Hospital, New York, New York

12:10 pm - EVAR is the Best Therapeutic Option for Ruptured AAAs Despite the RCTs Which Show Otherwise
Frank J. Veith, MD

12:20 pm Q&A

12:25 pm LUNCH / VISIT EXHIBITS

SESSION III ILIAC ANEURYSMS
Moderator: Manish Mehta, MD

1:15 pm - Isolated Iliac Artery Aneurysms: Treatment Options
John C. Lantis, II, MD

1:25 pm - What Are The Risks of Internal Iliac Embolization and How Do We Determine When To Embolize It?
Rahul S. Patel, MD
1:35 pm - LIVE CASE PRESENTATION #3 | Complex EVAR with Iliac Side Branch Device  
Broadcast From: St. Franziskus Hospital, Munster, Germany  
Moderator: Joseph V. Lombardi, MD  
Panelists: Neal S. Cayne, MD, Sharif Ellozy, MD, James F. McKinsey, MD, Manish Mehta, MD, Luis A. Sanchez, MD, Darren B. Schneider, MD  

2:05 pm - Popliteal Artery Aneurysms: When To Bypass and When To Stent?  
Neal S. Cayne, MD  

2:15 pm - Iliac Branch Devices: What Does the Data Teach Us?  
Theodosios Bisdas, MD  

2:25 pm Q&A  

2:30 pm - Long-Term Results of Endovascular Repair of TAAAs: When Is Open Repair Indicated  
James F. McKinsey, MD  

2:40 pm - Type A Dissection After Thoracic Endograft Placement: Causes and Preventions  
Manish Mehta, MD  

2:50 pm - Spinal Cord Ischemia Protection During TAAA and TAAA Repairs: Techniques and Limitations - How To Prevent Complications  
Luis A. Sanchez, MD  

3:00 pm - LIVE CASE PRESENTATION #4 | Aortic Case  
Broadcast From: The Mount Sinai Hospital, New York, New York  
Moderator: Joseph V. Lombardi, MD  
Panelists: Neal S. Cayne, MD, Sharif Ellozy, MD, Manish Mehta, MD, Luis A. Sanchez, MD, Darren B. Schneider, MD,  

AORTIC & VENOUS SESSION AGENDA  
Hatch Auditorium, The Mount Sinai Hospital, New York, New York  

3:15 pm - What To Do When TEVAR Fails In Treating A TBAD?  
Joseph V. Lombardi, MD  

3:25 pm - TEVAR: Graft Types and Strengths and Weaknesses  
Sharif Ellozy, MD  

3:35 pm - LIVE CASE PRESENTATION #4 Continued | Aortic Case (Completion)  
Broadcast From: The Mount Sinai Hospital, New York, New York  

3:50 pm - Alternative Access for Complex EVAR and FEVAR  
Darren B. Schneider, MD  

4:00 pm Q&A  

4:05 pm BREAK / VISIT EXHIBITS  

SESSION IV GREAT DEBATE: INDICATIONS FOR EVAR  
Moderator: James F. McKinsey, MD  

4:20 pm - Outcomes For EVAR Using Endografts Outside Their IFU: Can Be As Good As Those Within The IFU If Certain Conditions Are Met  
Peter L. Faries, MD
4:30 pm - EVAR Graft Landing in Normal Aorta Proximally and Distally
Give the Best Outcomes
Darren B. Schneider, MD

4:40 pm - EVAR Case I Wish I Had Never Performed
Brian DeRubertis, MD

4:50 pm - TEVAR Case I Wish I Had Never Performed
James F. McKinsey, MD

5:00 pm - B/F EVAR Case I Wish I Had Never Performed
Rajesh K. Malik, MD

5:10 pm Q&A

5:15 pm Concluding Remarks

PERIPHERAL ARTERIAL DISEASE AGENDA - WEDNESDAY JUNE 13TH, 2018
Stern Auditorium, The Mount Sinai Hospital, New York, New York

7:00 am Registration and Continental Breakfast

7:30 am - Welcome & Opening Remarks
Prakash Krishnan, MD, Dierk Scheinert, MD

SESSION V - COMPLEX FEMORO-POPLITEAL DISEASE: FOCUS ON CALCIFICATION AND LONG CTOs
Moderator: J. Michael Bacharach, MD

8:00 am - LIVE CASE PRESENTATION #9 | Complex Femoral Popliteal Artery Stenosis
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: J. Michael Bacharach, MD
Panelists: Giancarlo Biamino, MD, PhD, Brian DeRubertis, MD, William A. Gray, MD,
D. Christopher Metzger, MD, Sahil A. Parikh, MD, Bhaskar Purushottam, MD,
Dierk Scheinert, MD, Thomas Zeller, MD, PhD

8:20 am - Promise and Limitations of DCB in Long Lesions, CTOs and Calcification
Thomas Zeller, MD, PhD

8:30 am - Atherectomy Is A Must When Using DCB In Calcium
Brian DeRubertis, MD

8:40 am - No Need for DCB - DES Is All You Need:
Lessons Learned from The Zilver® Japanese PMS
Sahil Parikh, MD

8:50 am - Nonsense Supera Rules Calcium
D. Christopher Metzger, MD

9:00 am - Shockwave Will Change The Rx of Calcium
William A. Gray, MD

9:10 am - Embolic Protection for SFA Interventions: Necessity or Hype?
Bhaskar Purushottam, MD

9:20 am LIVE CASE PRESENTATION #10 | Complex Femoral Popliteal: Ranger DCB + Eluvia
Broadcast From: University Hospital, Leipzig, Germany
Moderator: Giancarlo Biamino, MD, PhD
Panelists: J. Michael Bacharach, MD, Brian DeRubertis, MD, William A. Gray, MD, D. Christopher Metzger, MD, Sahil A. Parikh, MD, Bhaskar Purushottam, MD, Dierk Scheinert, MD, Thomas Zeller, MD, PhD

9:45 am BREAK / VISIT EXHIBITS

PERIPHERAL ARTERIAL DISEASE AGENDA
Stern Auditorium, The Mount Sinai Hospital, New York, New York

SESSION VI CRITICAL LIMB ISCHEMIA: THE GLOBAL CHALLENGE
Moderator: Dierk Scheinert, MD

10:00 am - Critical Limb Ischemia: How to Establish Effective Limb Salvage Centers
Christian Bianchi, MD

10:10 am - The Current Reality of CLI Treatment in Germany: Insights From the CRITISCH Registry
Theodosios Bisdas, MD

10:20 am - BTK Wire Technology and Techniques For Complex Lesions
Brian DeRubertis, MD

10:30 am - LIVE CASE PRESENTATION #11 | Multilevel Disease in Critical Limb Ischemia
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: Dierk Scheinert, MD
Panelists: George L. Adams, MD, Christian Bianchi, MD, Theodosios Bisdas, MD, PhD, Brian DeRubertis, MD, Steven Kum, MD, D. Christopher Metzger, MD, Miguel Montero-Baker, MD, Jos C. van den Berg, MD, PhD

11:00 am - Ultrasound Techniques for Pedal Access: Tips and Tricks
Steven Kum, MD

11:10 am - Fluoroscopic Guided Techniques for Pedal Access: Tips and Tricks
Jos C. van den Berg, MD, PhD

11:20 am - Angiosome Guided Intervention: Is This the Gold Standard?
George S. Chrysant, MD

11:30 am - Imaging Technologies to Understand Reperfusion: What’s On The Horizon
Miguel Montero-Baker, MD

11:40 am - Anatomy of Pedal Vasculature and Principles of Pedal Intervention
George L. Adams, MD

11:50 am - Plantar Loop Reconstruction: Technique and Indication
Marco G. Manzi, MD (via satellite)

12:00 pm - LIVE CASE PRESENTATION #12 | Retrograde Tibial Approach for Treatment Critical Limb Ischemia
Broadcast From: University Hospital, Leipzig, Germany
Moderator: Giancarlo Biamino, MD, PhD
Panelists: George L. Adams, MD, Christian Bianchi, MD, Theodosios Bisdas, MD, PhD, Brian DeRubertis, MD, Steven Kum, MD, D. Christopher Metzger, MD, Miguel Montero-Baker, MD, Jos C. van den Berg, MD, PhD

PERIPHERAL ARTERIAL DISEASE AGENDA
Stern Auditorium, The Mount Sinai Hospital, New York, New York
12:30 pm - LUNCH / VISIT EXHIBITS

SESSION VII - CRITICAL LIMB ISCHEMIA: FOCUS ON NEW TECHNOLOGIES AND REMAINING CHALLENGES
Moderator: Dierk Scheinert, MD

1:20 pm - LIVE CASE PRESENTATION #13 | Antegrade Approach for Treatment of Critical Limb Ischemia
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: Dierk Scheinert, MD
Panelists: Theodosios Bisdas, MD, PhD, Marianne Brodmann, MD, Keon Deloose, MD, Brian DeRubertis, MD, Fabrizio Fanelli, MD, Steven Kum, MD, Miguel Montero-Baker, MD, Thomas Zeller, MD, PhD

1:45 pm - Discrepancy Between Patency and Wound Healing in BTK Interventions: Is Patency necessary?
Thomas Zeller, MD, PhD

1:55 pm - What Have We Learned From Past DCB BTK Studies?
Marianne Brodmann, MD

2:05 pm - Does Paclitaxel Interfere With Wound Healing?
Keon Deloose, MD

2:15 pm - Bioabsorbable Drug Eluting Stent Platforms for PAD
Steven Kum, MD

2:25 pm - Atherectomy BTK: Is There A Specific Role For Specific Devices?
Fabrizio Fanelli, MD

2:35 pm - LIVE CASE PRESENTATION #14 | Treatment of Complex Tibio Pedal Stenosis for Critical Limb Ischemia
Broadcast From: University Hospital, Leipzig, Germany
Moderator: J. Michael Bacharach, MD
Panelists: Theodosios Bisdas, MD, PhD, Marianne Brodmann, MD, Keon Deloose, MD, Brian DeRubertis, MD, Fabrizio Fanelli, MD, Steven Kum, MD, Miguel Montero-Baker, MD, Thomas Zeller, MD, PhD

2:55 pm - Drug Delivery in BTK Arteries: Update on Current and Future Projects
Dierk Scheinert, MD

3:05 pm - Percutaneous Deep Venous Arterialization For No-Option CLI
Steven Kum, MD

3:15 pm BREAK / VISIT EXHIBITS

PERIPHERAL ARTERIAL DISEASE AGENDA
Stern Auditorium, The Mount Sinai Hospital, New York, New York

3:30 pm - Wound Classification Systems
Christian Bianchi, MD

3:40 pm - Wound Care 101
Michael J. Trepal, MD

3:50 pm - Office-Based Lab: How Do I Get it Started, Case Selection & Keys to Success
Karthik Gujja, MD

SESSION VIII CONTROVERSIES IN VASCULAR INTERVENTIONS
Moderator: J. Michael Bacharach, MD
4:00 pm - PANEL DISCUSSION
Panelists: Christian Bianchi, MD, Brian DeRubertis, MD, William A. Gray, MD, Krishna J. Rocha-Singh, MD, Thomas Zeller, MD, PhD

4:50 pm - Closing Remarks and Future Direction
Prakash Krishnan, MD, Dierk Scheinert, MD

AORTIC & VENOUS SESSION AGENDA
Hatch Auditorium, The Mount Sinai Hospital, New York, New York
WEDNESDAY JUNE 13TH, 2018

6:30 am Registration and Continental Breakfast

7:00 am - Welcome & Opening Remarks
James F. McKinsey, MD and Giovanni Torsello, MD

7:15 am - Complex Aortic Case Presentations
Mount Sinai Vascular Residents and Fellows

SESSION V - AORTIC DISSECTION
Moderator: Joseph V. Lombardi, MD

8:00 am - Medical Management for Uncomplicated Aortic Dissection Cardiology
George S. Chrysant, MD

8:10 am - Type A Aortic Dissection: Identification and Treatment Options, Is it Still a Surgical Emergency?
Allan Stewart, MD

8:20 am - New Technology for Treatment of Arch Aneurysms and Dissections: Endovascular and Collaborative Techniques
James F. McKinsey, MD

8:30 am - Endovascular Thoracoabdominal Aneurysms: What is the Data on New Aortic Endografts
Giovanni Torsello, MD

8:40 am LIVE CASE PRESENTATION #5
Broadcast From: St. Franziskus Hospital, Munster, Germany
Moderator: James F. McKinsey, MD
Panelists: Joseph V. Lombardi, MD, Rajesh K. Malik, MD, James F. McKinsey, MD, Manish Mehta, MD, Giovanni Torsello, MD, PhD

9:10 am - Symptomatic Type B Dissection Management: Lead Point Coverage is Not Enough
Joseph V. Lombardi, MD

9:20 am - Visceral / Renal or Lower Extremity Ischemia Associated With Type B Dissection
Rami O. Tadros, MD

9:30 am - Visceral and Renal Artery Aneurysms: When and How to Repair
Rajesh K. Malik, MD

9:40 am - Taped P-Branch Case Presentation
From: The Mount Sinai Hospital, New York, New York

AORTIC & VENOUS SESSION AGENDA
SESSION VI - VENOUS DISEASE
Moderator: Jos C. van den Berg, MD, PhD

9:55 am - Difficult IVC Retrieval: Tips and Tricks
Robert A. Lookstein, MD

10:05 am - Managing Central Venous Stenosis in Dialysis Patients
Alan I. Benvenisty, MD

10:15 am - BREAK / VISIT EXHIBITS

10:30 am - LIVE CASE PRESENTATION #6 | Deep Venous Stenting
Broadcast From: University Hospital, Leipzig, Germany
Moderator: Windsor Ting, MD
Panelists: Anil Hingorani, MD, Julian Javier, MD, Paul S. Lajos, MD, John C. Lantis II, MD, Robert A. Lookstein, MD, Jos C. van den Berg, MD, PhD

10:45 am - May–Thurner Syndrome: How to Diagnose and Treat
Windsor Ting, MD

10:55 am - Deep Venous Thrombosis: Data Supporting Early Treatment
Paul S. Lajos, MD

11:05 am - New Stent Technology for Venous Stenting: Where Are We Heading?
Julian Javier, MD

11:15 am - Below Knee DVT: Is Anticoagulation Indicated
Daniella Kadian-Dodov, MD

11:25 am - Pelvic Congestive Syndrome; Evaluation and Treatment
Jos C. van den Berg, MD, PhD

11:35 am - Lymphedema: Treatment Options For Severe Lifestyle Limiting Lymphedema
John C. Lantis, II, MD

11:45 am - Thoracic Outlet Syndrome: Venous, Arterial and Neurogenic
Brian DeRubertis, MD

11:55 am - Maturation of AV Fistulas: Tips and Tricks
Anil Hingorani, MD

12:05 pm - AV Fistula Stenosis: Is There a Role for Drug Coated Balloon Therapy?
Fabrizio Fanelli, MD

12:15 pm Q&A

AORTIC & VENOUS SESSION AGENDA
Hatch Auditorium, The Mount Sinai Hospital, New York, New York

12:20 pm - LUNCH / VISIT EXHIBITS

SESSION VII - PULMONARY EMBOLISMS, FISTULAS AND PSEUDOANEURYSMS AND TUMOR EMBOLIZATION
Moderator: Robert A. Lookstein, MD
1:15 pm - Massive Pulmonary Embolus: Diagnosis and Treatment Options
Manish Mehta, MD

1:25 pm - New Devices for the Mechanical Treatment of Pulmonary Embolisms
Mahir D. Elder, MD

1:35 pm - Right-Sided Hemodynamic Support in Massive PE
Amir Kaki, MD

1:45 pm - RECORDED CASE PRESENTATION #7 | Pulmonary Embolism
Mahir D. Elder, MD

2:15 pm - Surgical Thromboembolectomy for Massive Life Threatening PE
Allan Stewart, MD

2:25 pm - Tumor Embolization In The 21st Century: New Techniques and Guidance
Edward Kim, MD

2:35 pm - Traumatic AV Fistulas and Pseudoaneurysms: When To Intervene?
Adie Friedman, MD

2:45 pm Q&A

2:50 pm BREAK / VISIT EXHIBITS

SESSION VIII VENOUS / VISCERAL DISSECTIONS and AV MALFORMATIONS
Moderator: James F. McKinsey, MD

3:05 pm - Venous Ablation: When To Use Which Device
Julian Javier, MD

3:15 pm - LIVE CASE PRESENTATION #8 | May-Thurner
Broadcast From: The Mount Sinai Hospital, New York, New York
Moderator: Mark H. Wholey, MD
Panelists: Soma Brahmanandam, MD, Johanna Fifi, MD, Julian Javier, MD,
Sung Yup Pablo Kim, MD, Reid A. Ravin, MD, Rami O. Tadros, MD

3:45 pm - Visceral and Renal Focal Dissections: Etiology and Treatment Options
Soma Brahmanandam, MD

AORTIC & VENOUS SESSION AGENDA
Hatch Auditorium, The Mount Sinai Hospital, New York, New York

3:55 pm - Embolization of AV Malformations: Tips and Tricks
Johanna T. Fifi, MD

4:05 pm Q&A

4:10 pm - Endovascular Techniques For Control of Arterial Iatrogenic Injury and Trauma
Reid A. Ravin, MD

4:20 pm - Managing Complications of Superficial Venous Treatment
Sung Yup Pablo Kim, MD
4:30 pm - SVC Syndrome: Diagnosis and Treatment Options: How I Do It
Mark H. Wholey, MD

4:40 pm - My Worse Case for Treatment of Central Venous Disease
Rahul S. Patel, MD

4:50 pm Q&A

5:00 pm Concluding Remarks / Course Adjourn

Lodging:
Sheraton New York Times Square Hotel
811 Seventh Avenue
New York, NY 10019

Course Directors:
SYMPOSIUM DIRECTORS
Prakash Krishnan, MD, FACC
Dierk Scheinert, MD
