SVS members are at the forefront of vascular news and discovery. Find news about the Society for Vascular Surgery, its membership and its initiatives, below.

Advocating for Patients and Medical Professionals

The political action committee of the Society for Vascular Surgery advocates for legislation that supports best practices for patients and medical professionals. The current changes in health care reimbursement directly impact vascular surgeons and their patients. SVS is taking the lead in working with government officials to develop fair laws and practice guidelines. Volunteer members and staff are working to ensure that lawmakers understand the impact of their work.

Stress Less: Reduce Health Risks to Maintain Overall, Vascular Health

ROSEMONT, Ill., April 20, 2020 – Americans' stress levels are through the roof – from healthcare workers on the front lines to essential service workers to seniors at home to parents coping with upside-down work schedules and e-learning. April marks Stress Awareness Month, making it a fitting time to understand the impact of stress on the body and address stress management techniques to help navigate through difficult times and maintain health in the process.
