

‘Smile’ to benefit SVS Foundation

## ‘Smile’ to benefit SVS Foundation

By Beth Bales

The holidays are close upon us, and many Society for Vascular Surgery members will be shopping online this month and next.

The COVID pandemic has, in fact, prompted many people to do even more shopping online than before. Those who use the Amazon “Smile” website can not only purchase what they need but also benefit the SVS Foundation at the same time.

Simply start an Amazon shopping session at [smile.amazon.com](https://smile.amazon.com), with the SVS Foundation your designated charity. The Foundation will receive 0.5 percent of the cost of eligible purchases.

On your first visit, you will need to select the SVS Foundation as your charitable organization. The website will remember your selection. Remember, for the SVS Foundation to receive donations, you must start shopping on the “smile” site.
