Granting to the SVS

Foundation via your Donor-Advised Fund is an easy way to give. A DAF is a type of charitable investment account that provides an immediate tax benefit to you and allows you to recommend grants to charities of your choice over time.

Donor-advised funds are the fastest-growing charitable giving vehicle in the United States because they are one of the easiest and most tax-advantageous ways to give to charity.

Many accounts are managed by large financial service firms. If you do not already have a DAF account, contact your financial institution or charitable foundation to establish one.

You may also call the SVS Foundation at 312-334-2352 to explore where to create a fund.
