Disaster Relief Fund

Groups audience: SVS Foundation

Visiting patients in mountainous Puerto Rico, October, 2017. Courtesy Dr. Richard Lynn

The SVS Foundation Disaster Relief Fund supports programs that provide short-term emergency assistance and longer-term aid for vascular surgery practices and vascular patients in disaster-devastated communities.

Disaster Relief Fund

Published on Society for Vascular Surgery (<https://vascular.org>)

The Disaster Relief Fund was established in October 2017 in response to hurricanes in Texas, Florida and Puerto Rico. Other recent catastrophic events have strengthened the Foundation's commitment to support SVS members in disaster areas who who are devoted to their patients and our mission to save lives and limbs.
