Sponsorship opportunities

Groups audience: 2019 Vascular Annual Meeting

Download the sponsorship brochure [PDF] to learn about options such as:

Traffic builders: Including the scavenger hunt, in-booth charging station and relaxation (massage) station.

Advertising: Graphic meter panel signage; elevator, escalator and stair clings; mobile device charging stations; or carpet logos.

Vascular Connections: Placement of an advertisement in the daily onsite newspaper. For more information concerning options and rates, [click here](#).

For more information about sponsorship opportunities, email [Debbie Wallentin](#) or call 847-680-4855.

Satellite Symposia

SVS offers confirmed exhibitors the opportunity to sponsor breakfast or evening Satellite Symposia. For questions, email [Debbie Wallentin](#) or call 847-680-4855. Download the Satellite Symposia Brochure [PDF].

Vascular Live Interactive Theater Experience

Vascular Live is a popular part of the attendee exhibit hall experience. This interactive experience at the Vascular Annual Meeting puts exhibitors face-to-face with vascular surgeons in the exhibit hall in a standing room only environment.

On the Vascular Live stage, exhibitors will present new ideas, showcase breakthrough technologies and discuss the latest trends in vascular surgery. The presentations are scheduled during unopposed coffee, lunch breaks and receptions to maximize attendance. Additionally, the Vascular Live stage is located immediately adjacent to the coffee break and lunch stations in the exhibit hall, with ample seating for attendees.

Time slots sell quickly. Additional information including the application form will be added later.

Investigator Meetings

Exhibiting companies are encouraged to conduct investigator meetings during the Vascular Annual Meeting program. Holding such events during the Thursday evening opening reception and Friday evening gala event is discouraged. The words "Investigator Meeting" must appear as part of the meeting name on the completed request form.
