Began August 1 2017

- Felt if was going to happen in 2017 or 2018 might as well just do it
- We were fortunate to have extra second year fellow
Main Campus

- Reliance on Advance Practice Providers to run service
- Senior Trainee rounds before OR
- Hands of to APP
- APP rounds with staff and trainee if not scrubbed
- APP hands off to senior trainee and night float call
Regional Rotations at Hillcrest, VAMC and Marymount

• No night call duties during week for senior
• Senior rounds on main campus and takes call on weekends
• Helps maintain duty hour compliance

Lessons Learned

• Be flexible
• Work with other specialties who rotate on vascular
• You may have to combine or uncover services

• We have a DO program at CCF and we are trying to figure out what to do
