Dear Industry Colleagues:

We would like to invite you to participate as an exhibitor at the 39th Annual Scientific Meeting of the Delaware Valley Vascular Society to be held on Thursday, April 20, 2017 at the Union League of Philadelphia.

This year’s Annual Meeting will focus on “Complications in Vascular and Endovascular Surgery” and will be featured through presentations by an expert Panel. Our featured Dinner Speaker will be the Executive Director of Research, ProMedica and Jobst Vascular Institute, Dr. Anthony J. Comerota, MD, FACS, FACC who will speak on, “Contemporary Management of Carotid Disease”.

Again this year, the Society is planning to offer Self-Assessment Credit that meets the ABS requirements for MOC Part 2 for the Annual Meeting. This provides an added benefit to our membership, which also will help increase attendance at the meeting.

The Annual Meeting typically attracts 80-85 vascular surgeons and caregivers from the tri-state area. During the meeting, both the Lunch and Cocktail Reception will be held in the exhibit area to increase interaction between you and our guests. Additionally, your representatives are invited to attend the dinner immediately following the meeting.

Exposure to your company’s products and ideas are increasingly important to us. I urge your company to become a partner with us in these important educational efforts and support the meeting with an Educational Exhibit in the amount of $3,500. Your support would go directly toward the Research Awards and educational sessions.

The Application must be completed, signed, and mailed with your payment, or companies may register to exhibit on-line. Please feel free to call Terri Comegys, Executive Director and Meeting Manager of the Delaware Valley Vascular Society at (978) 745-8331 or contact myself or any of the members of our Executive Council. Visit our website at www.vascular.org/dvvs for further information.

More than most fields and more than any time in our history, vascular surgery is seeing unprecedented changes. These changes are incredibly exciting and largely based on significant technological advances. As such, your participation in our event is more important that just financial support – it is key to educating physicians in our community.

We look forward to working with you and seeing you at our 39th Annual Meeting on April 20th.

Sincerely,

Theodore M. Sullivan, MD
2016-2017 President, Delaware Valley Vascular Society
