Complex Wound Care Masterclass Workshop 2025

Debridement, Dressing, and Oxygen Therapy

Saturday, June 7, 2024

Learning Objectives:

Demonstrate Competence in Wound Care Techniques:

- Demonstrate Competence and apply advanced techniques in debridement, select appropriate wound dressings, and administer oxygen therapy to optimize wound healing outcomes in complex cases.

Collaborate in an Interprofessional Team:

- Collaborate with team members, including vascular surgeons, PAs, nurses, and podiatrists, to evaluate and formulate comprehensive, patient-centered treatment plans for complex wound cases.

Analyze and Evaluate Clinical Approaches:

- Analyze complex wound care cases to evaluate and compare treatment approaches across different specialties, considering multiple perspectives to address challenging wounds.

Apply Skills in a Hands-On Setting:

- Apply advanced debridement, dressing, and oxygen therapy techniques in hands-on scenarios, integrating evidence-based practices and demonstrating proficiency in practical wound care skills.

Case Submissions:

Registrants of the workshop are encouraged to submit complex cases for discussion. Cases should be submitted for review and selection by **May 2, 2025**. Cases should focus on Debridement, Dressing, and Oxygen Therapy. The workshop faculty will review all cases, and a portion will be discussed at the workshop. To submit, please visit:

Agenda (as of Nov 2024):

12:30-1:30 pm Industry Insights Session and Lunch (**Non-CME/CE portion**)

1:30-1:55 pm Exhibit and Break

1:55-2:00 pm Move to CME location

Educational Program:

2:00-2:05 pm Welcome and Introduction

Alisha Oropallo, MD, FSVS, FACS, FABWMS

Dressing Management

2:05-2:15 pm Overview

Alan J. Block, DPM, MS, FACFAS

2:15-2:40 pm Complex Cases & Questions

Tina Hathway, PA-C, MPAS, WCC

2:40-3:05 pm Panel Discussion & Questions

Moderator: Kathleen Raman, MD, MPH

- Different approaches
- Challenging cases

Oxygen Therapy

3:05-3:15 pm Overview

Karen Bauer, DNP, APRN-FNP

3:15-3:40 pm Complex Cases & Questions

Alisha Oropallo, MD, FSVS, FACS, FABWMS

3:40-4:00 pm Panel Discussion & Questions

Moderator: Kathleen Raman, MD, MPH

- Different approaches
- Challenging cases

4:00-4:15 pm Break (F&B in the hands-on workshop room)

Hands-on Portion:

4:15-5:45 pm Hands-on Workshop (**non-CME/CE portion**)

- Stations (Attendees will rotate through each station every 30 min):
 - Debridement – coaching provided by Kathleen Raman, MD, MPH
 - Dressing Management – coaching provided by Tina Hathway, PA-C, MPAS, WCC & Karen Bauer, DNP, APRN-FNP
 - Oxygen Therapy – coaching provided by Alan J. Block, DPM, MS, FACFAS and Alisha Oropallo, MD, FSVS, FACS, FABWMS

5:45 pm Adjourn
