

The Quality Payment Program (QPP) Experience Data provides transparency about participation QPP. This data contains information from the three reporting methods in the QPP: Traditional MIPS, MVPs, and MIPS APM. The most frequently inquired data points are final score, payment adjustment and types of measures. The instructions to identify those data points are included in this document. Questions about additional data points, please reach out to the SVS at [SVSQuality@vascularsociety.org](mailto:SVSQuality@vascularsociety.org).

**To review final score and payment adjustment data**

1. Open Quality Performance Program Dataset
  - a. You may have to download the file
2. Scroll to row F labelled NPI
  - a. Click the arrow to enter the dropdown menu
  - b. Uncheck the (Select all) box
  - c. Enter your NPI into the Search box and select
  - d. Scroll to final score (AB column) and payment adjustment percentage (AC column)

**To review the reporting data:**

1. Open Quality Performance Program Dataset
  - a. You may have to download the file
2. Scroll to row F labelled NPI
  - a. Click the arrow to enter the dropdown menu
  - b. Uncheck the (Select all) box
  - c. Enter your NPI into the Search box and select
3. Scroll to right to find your desired information
  - a. Please use the QPP Experience Report PUF: Data Dictionary to identify the fields you are looking for
  - b. Use MIPS Quality Measure List to look up measure specifics.

For more details about measures, please use the instructions below.

You will use the same steps for Quality Improvement Activities, Promoting Interoperability, and Cost.

To look up specific measure information:

- Go to [qpp.cms.gov](http://qpp.cms.gov)
