# ABOUT VAM26™

The Vascular Annual Meeting (VAM) is the premier source of education for vascular health professionals. VAM provides a variety of learning opportunities in vascular surgical practice, research and science that support individual educational needs and lifelong learning.

**VAM brings together the entire vascular team, with the following groups co-locating at one meeting:**

**Society for Vascular Surgery (SVS)**

**Society for Vascular Nursing (SVN)**

**The Vascular Quality Initiative (VQI)**

**SVS Complex Wound Care Masterclass Workshop**

The VAM brings together many SVS sections such as the Section on Ambulatory Vascular Care, Advanced Practice Providers Section, Young Surgeons Section, Women's Section and Section on Pediatric Vascular Care, perfect for building that new client relationship. The Vascular Annual Meeting is the one-stop destination for vascular professionals, which means as an exhibitor, you get more for your investment.

Society for  
Vascular Surgery

The Society for Vascular Surgery (SVS) is the national advocate for over 6,600 specialty-trained vascular surgeons and other vascular health professionals who are dedicated to the prevention and cure of vascular disease. SVS seeks to advance excellence and innovation in vascular health through education, advocacy, research and public awareness.

For more information visit [vascular.org](https://vascular.org)  
or contact [svssponsorships@vascular.org](mailto:svssponsorships@vascular.org)

**With over 1,300 professionals registered from over 44 countries in 2025, having a presence at VAM will greatly increase your visibility in the vascular surgery community.**

*"As a vascular surgeon, I see tremendous value in the role industry plays at VAM. The exhibits and sponsorships transform the meeting into a dynamic educational experience, giving me the opportunity to learn in the lecture hall and then immediately engage with new technologies in the exhibit space. Being able to see, handle and try out so many new devices firsthand is invaluable for me since once I am back at work vendor engagement opportunities are very limited. The partnership between SVS and industry ensures that these advances are developed and applied responsibly, always with the ultimate goal of improving patient outcomes. This collaboration is essential to the future of vascular care."*

– VAM Attendee via VAM Attendee Survey

**68%**

of VAM physician attendees identify their area of practice as vascular surgery. These health care professionals master the intricacies of vascular surgery as well as state-of-the-art endovascular techniques.

**82%**

of physician attendees make or recommend the purchasing for their practice.

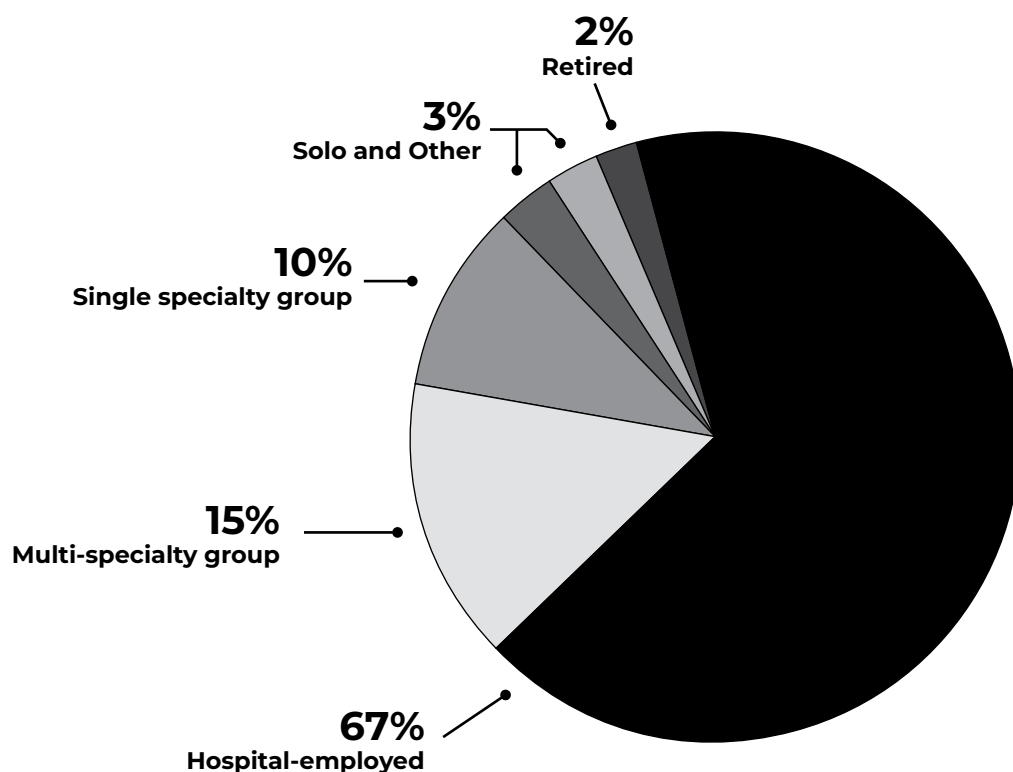

## TOP PRODUCTS OF INTEREST TO VAM ATTENDEES:

1. Grafts
2. Peripheral Vascular
3. Stents
4. Medical Devices
5. Surgical Instruments
6. Interventional Technologies
7. Interventional Medical Devices
8. Wound Care
9. Radiation Protection
10. Vascular Disease Treatment

## TOP PRESCRIBED MEDICATIONS:

## VAM SURGEON PRACTICE TYPE:

### WHAT ATTENDEES ARE SAYING:

*"The Exhibit Hall was great – lots of products and quite comprehensive. The Vascular Live! series was also EXCELLENT! It's a great program, and you should continue to do it with the excellent speakers."*

*– VAM Attendee via VAM Attendee Survey*

# Exhibitor Benefits

- Five (5) exhibitor badges per 100 square feet of exhibit space. Badges provide access to the exhibit hall and scientific plenary sessions.
- Company name, booth number and description listed in the VAM mobile app.
- Company listing in the SVS Show Daily: Vascular Specialist@VAM (preview edition mailed to more than 5,600 vascular medicine specialists and distributed on-site at the meeting).
- Complimentary pre-meeting attendee mailing list, including email addresses and demographic information for attendees who opt in.
- Complimentary post-meeting attendee mailing list, including email addresses and demographic information for attendees who opt in.
- Early sign-up opportunities and discounted rates for the 2027 Vascular Annual Meeting in San Diego.

## Exhibit Hall Highlights

Hands-On Simulation and Interactive Lab

Networking Reception – Taste of Boston

Daily attendee lunch

Two daily coffee breaks

Vascular Live! Stage

Poster Competition, Interactive Poster Sessions, and International Poster Competition

Career Fair

### WHAT ATTENDEES ARE SAYING:

*"The long term collaboration of our industry partners in the education of our next generation surgeons as well as highlighting innovation is a key component to the success of VAM. Beyond the scientific podium presentations, the exhibit floor, hands on simulations demos and Vascular Live! discussions, all create energy and networking opportunities for the SVS membership and VAM attendees."*

*– VAM Attendee via VAM Attendee Survey*
