Delaware Valley Vascular Society

43rd ANNUAL SCIENTIFIC MEETING

Dear Industry Colleagues:

We would like to invite you to participate as an exhibitor at the 43rd Annual Scientific Meeting of the Delaware Valley Vascular Society to be held on Thursday, October 28, 2021 at the Union League of Philadelphia. We continue to plan full speed ahead for an in-person, high-impact, meeting where colleagues can once again connect and learn from each other. We're hoping it won't be necessary, but if it is, we will be ready to convert the meeting to an innovative and engaging virtual format. The protection and safety of our attendees remains our top priority.

This year's Annual Meeting will be featured through presentations by an expert panel and abstract presentations in areas of clinical and basic science research. Our featured dinner speaker will be the Chair, Vascular & Endovascular Surgery at Abbott Northwestern Hospital, Dr. Jeffrey Jim.

The Annual Meeting typically attracts 80-85 vascular surgeons and caregivers from the tri-state area. During the meeting, both the lunch and cocktail reception will be held in the exhibit area to increase interaction between you and our guests. Additionally, your representatives are invited to attend the dinner immediately following the meeting.

Exposure to your company's products and ideas are increasingly important to us. I urge your company to become a partner with us in these important educational efforts and support the meeting with an Educational Exhibit in the amount of \$3,500.

The application must be completed, signed, and mailed with your payment, or companies may [register to exhibit online](#). Please feel free to call Joanna Bronson, Inter-Society Relations Director of the Delaware Valley Vascular Society at (312) 334-2321 or contact myself or any of the members of our Executive Council. Visit our website at www.vascular.org/dvvs for further information.

More than most fields and more than any time in our history, vascular surgery is seeing unprecedented changes. These changes are incredibly exciting and largely based on significant technological advances. As such, your participation in our event is more important than just financial support – it is key to educating physicians in our community.

We look forward to working with you and seeing you at our 43rd Annual Meeting on October 28th.

Sincerely,

Evan Ryer, MD
2021-2022 President, Delaware Valley Vascular Society
