

**SVS ONLINE has ended. Do I still need to register? What is available to me?**

Post-live and pre-recorded OnDemand lectures are available for viewing. (To access the content, you must be [registered](#) for SVS ONLINE, and logged into this website.) The online poster gallery is viewable from the left-side panel; however, you must be logged in to see the link. Content initially offered as on-demand - International Forum and "How I Do It" Video Session - does not earn CME credit.

Previously-aired VQI sessions are also available. Navigate to the "VQI ONLINE" page and click on a session to begin. Links to SVN's recorded live webinar and OnDemand content can be found along the left-side panel of this website.

**How do I claim credit for OnDemand content?**

CME credit can be claimed by first viewing all the audio-synced presentations in a given session. Afterwards, visit [this](#) portal to complete the appropriate session evaluations. Certificates for OnDemand credit can then be generated.

**Are industry lectures still available?**

Yes. Recordings of the live industry webinars can be viewed via the red "Recorded Live Industry Webinars" tile along the left-side navigation panel of this website. The tile for OnDemand sessions is located below it. (*Note: industry content does not earn CME credit.*)

**I still have questions. Who can I contact?**

**Registration or General Inquiries:** [vascular@vascularsociety.org](mailto:vascular@vascularsociety.org)

**Membership:** [membership@vascularsociety.org](mailto:membership@vascularsociety.org)

**CME/MOC and Certificates:** [education@vascularsociety.org](mailto:education@vascularsociety.org)
