Find a VSIG

Vascular Surgery Interest Groups (V-SIG) promote vascular-related research and service activities to students earlier in their medical career, provide students with early exposure to surgery, and assist students as they seek valuable career mentorship. View the list of groups registered with the Society for Vascular Surgery below to find a V-SIG near you

Interested in establishing your own V-SIG?

SVS Pathways to Vascular Surgery Practice 2020: Planning Your Career in Vascular Surgery Practice
In June of 2020, the SVS Resident and Student Outreach Committee held the **SVS Pathways to Vascular Surgery Practice 2020: Planning Your Career in Vascular Surgery Practice** webinars.

These virtual webinars cover a variety of topics and career phases, and are now all available online. We encourage you to share these with members of your VSIG.

MS3 Career Advisors

Career Advisors,

File Edit

I hope that you are all doing well. I wanted to thank all of you who participated in the recent career advisor update sessions. I truly appreciate your feedback, especially during this especially challenging application cycle. For those of you who were not able to make it or who haven't had a chance to take a look at the new resources, please see the attached [Career Advisor Book](#).

[Career Advisor Book](#)

As always, feel free to show the data to our students, but for FERPA reasons we are not supposed to distribute it to them.

I'd also like to invite you to participate in our upcoming mock interview program. This year, we will be running the program virtually. Please sign up for the sessions that you will be able to attend, and feel free to forward the link to any of your colleagues that might be interested in their own specialty.
