

VASCULAR ANNUAL MEETING QUESTION WRITING GUIDELINES

QUESTION FORMAT:

- One question; multiple-choice format.
- A stem, typically clinical in nature (but non-clinical stems), may be used when appropriate to test the particular content area.
- One correct answer and four incorrect distracters (for a total of **FIVE** possible answers).

DISCUSSION/RATIONALE:

- Review the correct response, with justification for why it is correct.
- Discuss why the incorrect distracters are not correct.
